Hi Larry,

I have asked my folks to give me weekly updates on the Haskell Lake Site. I want to make sure that it continues to move forward in a timely fashion. Thank you for the update on the draft MOU/MOA between the Tribe and EPA. I look forward to discussing it with you. Please let me know if you have any questions or concerns about the Site. Football season is right around the corner. Go Bears!

Subject: Status Report

Mike, just wanted to touch base on the status of the MOU/MOA between the Tribe and EPA. There is a first draft that Tribal staff, our attorney and I reviewed and discussed on Wednesday. It is not ready to be shared with Eric or others at EPA at this time. There was some action at the Haskell Lake Site this week but the work seems to be focusing outside the source area.

Subsequently, I was told there was two wells finally placed near the source. Larry
